

MEET THE STAFF

HEATHER IRONS
Assistant Manager

Heather has been recently appointed to assistant manager. She is responsible for day to day operations under the direction of newly appointed Manager Tracey Davenport. Together they are leading the credit union in a positive direction. Heather not only is a liaison for the credit union with our community, business partners and membership but is also a member of the Utica -Rome Credit Union Chapter that represents 13 chapters of the Credit Union Association of New York. She provides support, networking and community awareness for local credit unions. In May she presented a check to CMN on behalf of the 13 credit unions. Her belief in the credit union philosophy of "People Helping People" is representative in her everyday life. She is the President of Mohawk Valley Rotarty Club, a community service group which helps to enrich lives of those whom live and work in our community as well as abroad. Community outreach is not only a passion but a way of life. Heather loves to be able to help and give back to the community in which she proudly works and raises her family .

Heather lives in Frankfort with her husband and children and her four-legged furry friend Buster. When she can, Heather enjoys spending time with her family vacationing, fishing, hiking and reading.

Employees and Board Attend Annual Convention

Employees Cindy Stallman and Heather Irons along with Board Members Jim Conover, David Brewer, Choudari Vallabhaneni and Supervisory Committee Members Cliff Lane and Gary Smith attended the Annual New York Credit Union Association's 100-year anniversary at the 2017 Annual Meeting & Convention at Sagamore Resort in Bolton Landing, New York.

For 100 years, the New York Credit Union Association has been proud to serve as the strong, united voice of the New York credit union community.

Activities included a presentation by Marcus Luttrell, decorated Navy SEAL & bestselling author of Lone Survivor. Marcus recaps his life and how he survived after his group of four was ambushed in Afghanistan. He relates his journey to everyday life and demonstrates his strength, power, will and never give up attitude.

Also, Captain Scott Kelley, record breaking Astronaut, gave a presentation about his experience of being in the space lab for one year. He used parallels to demonstrate strength, determination and will power in your life and dealings with membership.

Board members and employees attended learning sessions of interest for the betterment of the Credit Unions in New York State. These sessions can be helpful in finding new ideas and suggestions on how to make your Credit Union staff and Board Members successful for our members.

BRIGHT FUTURE KIDS CLUB

It is so important to teach our youth about money. By teaching the importance of saving, our youth will establish positive habits that will continue into their adult years.

Remington Federal Credit Union has taken the initiative to provide good financial values to as many young people as possible. The credit union has done so through classroom presentations, NEFE (National Endowment for Financial Education) program, and more. All of these important keys to a young person's financial success are available to you — whether you are a parent, teacher, or organization. What makes your program successful is that we make sure that kids have fun and learn that saving is important and easy to do, all provided at no-cost to the school or organization.

In fact, Remington Federal Credit Union has received the REAL DEAL designation from the AACUL (American Association of Credit Union Leagues), and the Credit Union Association of New York. This designation is given to credit unions who support outreach efforts, which include our financial literacy programs.

MORTGAGES

Remington Federal Credit Union in partnership with Owners Choice, is pleased to provide our mortgage financing program. Whether you're purchasing a home or refinancing your mortgage, you can look to us for trusted advice and exceptional service.

The mortgage program includes: a secure online application process; expanded loan programs; low interest rates and closing cost; and expert support and assistance throughout the entire process.

All Remington Federal Credit Union mortgage loans are serviced through Owners Choice, a full-service mortgage corporation serving credit unions in the greater Northeast.

OTHER LOANS

Share Secured

A member can pledge a share account to receive a lower rate on the loan. The credit union will place a hold on the share account in the amount of the loan. This is a great way to get a better rate on a loan or build/restore your credit score and still earn interest on your savings.
